

Temple of Neptys

An Affiliate of the Church of Satan

Dear Mr. Hicks,

Recently we noticed your name listed under Dr. Shawn Carlson's group of "Experts" in the informative SATANISM IN AMERICA.

Enclosed you will find a copy of the Temple newsletter, our brochure, and membership questionnaire which is mandatory for all applicants to the Temple.

It was mentioned that you were in the midst of writing a book on the subject in question, and should you intend to list any of the high profile groups - like the Church of Satan and the Temple of Neptys - in your manuscript, we would be delighted if you would include us as well. If you have already finished your document, please feel free to add us in any future revisions of the book.

As those of our ilk tend to not only tolerate sensationalistic i.e. "scare" journalism, but rather enjoy the often Hollywood-style imagery of notoriety which many authors portray about Satanic religionists, I look forward to seeing that your book as well, will be a marvelous and effective device for grabbing the public as it were, in yet another spine-tingling grip of thrills.

I can imagine the time and effort involved in making your book, since I majored in Journalism, and have published one or two "New Age" Journals in my day, if you would indulge me a bit of high feathering. At any rate, more often than not, when authors portray a stereotype for Satanists, that is **much less** annoying... than not including us at all!

Because the Temple of Neptys is so high profile - we advertise in many local papers, Singles magazines, and other "alternative lifestyle" periodicals - we tend to take the various categories of "blood-and-gore" horror stories with a bit of humor in the wisdom of our own less-than-formidable religious activities. We do agree with the notion that there are kooks and crackpots sprouting from **any** philosophical or spiritual denomination be it pagans or reborn Christians... but as my experience takes this subject - spanning almost two decades of direct involvement - I have noticed

that there is far less going on than what the generally Judeo-Christian public **wants** to believe.

When there are individual cases of clammy conduct, however, I have noticed that those who might have the inclination to provoke a bit of havoc as it were, tend to concentrate in the area of sixteen to twenty three years of age, with 95% being males or male "leaders" of any little gang of troublemakers in any area of the country.

In sharp contrast to this most accurate figure, the Temple of Neptys contains an average age-group of "Thirty-something", mostly professionals (we've got a lot of yuppies), and about 90% females.

At first glance, one might mistake us for a group of Wiccans, pagans, or modern-day "goddess-worshippers" because of the striking sight of "all us girls". To be sure, one needs only to look a little closer to see the high level of intelligence, social sophistication, and beauty - Satanic Witches tend to be extremely attractive and tastefully glamorous, while our more "earthy" counterparts, the Wiccans look like a rather frumpy, overweight, or plain-jane-without-makeup sort. That's just the way it is.

All of our members are avid readers and followers of the remarkably traditionalist, rather non-feminist philosophy notably exalted in Dr. Anton LaVey's THE SATANIC WITCH. They apply its principles daily with all the grace of a cat - usually to the extreme pleasure of our boyfriends and husbands. Moreover a Satanic Witch tends to lean toward a heterosexual lifestyle (we do have some bisexual ladies, most of whom are married). Conversely, the Wiccan and pagan communities abound with a rabidly increasing degree of gay men and lesbians - with straight men and women tending to conduct thier spiritual activities on a more "solo" or isolated level than the overtly sociable gays.

Please feel free to contact me with any questions that you may have. Your decision to include our organization among any list of Satanic Consultants or "cult leaders" if you prefer, will not only further illuminate what I am sure is your painstakingly well-researched document, but can only serve to compliment what sounds like an exciting dispatch of articulate information.

Thank you for your thoughtful consideration.

Respectfully,

Lynn Butch
High Priestess

An Important Clarification

From 1966 to the Present there exists in the United States of America two major Satanic organizations based in the San Francisco Bay area: the Church of Satan and the Temple of Neptys. No other group or institution may claim authentic succession to the Church without the explicit invitation of Dr. Anton LaVey - which the High Priestess of the Temple personally received on March 13, 1987 during her meeting with Anton at his San Francisco home, the famous Central Grotto and headquarters of the Church. During that evening and several consecutive meetings and dinners with Church of Satan officials, including Karla LaVey and Blanche Barton, Dr. LaVey verbally invited Maga Lynn Butch to display the Church's symbol on its literature, business cards and advertisement. The High Priestess accepted, and for years, the Temple has proudly featured the honored sign of its direct affiliation with the Church as welcomed by Anton, along with its own corporate insignia: the Twin-Serpent Neptys. Dr. LaVey has allowed and encouraged Maga Lynn to use his original Baphomet Pentagram (so long as the registered trademark was also displayed). By 1990 the Temple dropped the original Hebrew letters from the Satanic emblem, showing solely the great Goat of Mendes, Baphomet (from the ancient Egyptian "Bab-nab-tet" god of the capital city of Mendes) as the male counterpart to the feminine Underworld goddess - balanced personifications of the Prince of Darkness of whom we are noble representatives. The Temple's close association with Anton LaVey remains friendly, constructive, and its loyalty to the Movement of the Church unquestionable.

Affiliation

The Temple of Neptys is deliberately individualistic. Because he or she accepts human life as a very precious thing, the Satanist is naturally repulsed by religious and social programs that advocate degrading the Self by wasting one's valuable short span of time on earth trying to please ungrateful individuals, or serving others to abide by a credulous notion of fulfillment-after-death. Like the ethical codes of the Vikings and the ancient Egyptians, the Satanist agrees that your family comes first - all others outside one's immediate family fall secondary to the needs of private domestic bliss and personal gratification. The Temple is a wonderful way to meet other men and women who share this philosophy. For the security of its members, each person who desires entrance to the Temple must approach the Temple in writing, briefly state your reasons for requesting admission, include your full legal name, mailing address, social security number, occupation, daytime and evening phone numbers (for office records only) and a recent photograph. *Membership fees are \$100 to affiliate, and \$50 annual dues for all members.* Most group events and literature are free to members. Upon admission you will receive your silver Baphomet medallion (to be worn at all Temple functions), Identification Card, Certificate, annual subscription to *Black Velvet*, *The Crystal Heart of Neptys* and the *Resource Directory*. Legal Satanic Weddings, Memorials, and other private ceremonies are by appointment.

Temple of Neptys

Thank you for your inquiry. The Temple of Neptys is an international initiatory religion dedicated to the god of this world as he expresses himself in a colorful variety of both masculine and feminine forms throughout human history. The Temple of Neptys is a powerful and liberating spiritual path unlike any you may have previously encountered. In order to assist you in making a clear decision about affiliation with us, we invite you to view some information contained in this brochure about the history of the Temple, its basic tenets, its current design and programs, and the types of individuals who comprise its membership. The Temple newsletter, *Black Velvet*, and its exclusive dating and contacts magazine, *Crystal Heart of Neptys*, are an exciting way to communicate with other sincere Elitists (Satanists) from the privacy of your own home. The Temple is an evolutionary product of human experience. This experience includes the magical and philosophical work of the Church of Satan which has preceded us.

Historic Origins

Neptys is the oldest god known to the human race. This is because the first archaeological evidence of all god worship belonged to sovereign Mother Deity. Her images date back over 8,000 years before the first formally recorded history in ancient Egypt (3200 BCE). This was a time called the Neolithic age. In the early phases of mankind's history, the god of all things was often represented by circular (womb-like) coiled figures, or a woman holding serpents, or winged serpents representing the carnal (ovular-phallic) pleasures of the earth, balanced with the spirit (wings of the soul) and its potential for flight above and beyond nature (divinity). In those early years, her priesthood expressed this supreme archetype as the Great Serpent Sata (a dual-sexed, self-generating Mother aspect later to be known as the famed **Sata-n** in the Garden of Eden mythos). After the invading armies led by males and patriarchs sought to overthrow Feminine dominance in mankind's early civilizations and spirituality, worship of the Great Cobra Goddess continued to flourish, though often veiled in the temples of her more benign sister of "light", Isis (later known as the popular Mother Mary). The knowledge of our Queen of Enchantment has been retained through the centuries only by an elite few Black Magicians. The present Temple of Neptys carries on this little-known legacy by regenerating highly suppressed and scattered remnants of her Underworld (hidden) semblances: the Egyptian Neptys, the Hebrew Lilith, the Greek Hecate, the Norse Valkyrie, the Teutonic Skadi, the African Aida-Wedo, among others. As we learn to identify and apply her many-faceted Presence and Grace in our lives, we learn that the Goddess and the Prince of Darkness are One in the same.

Structure

The Temple of Neptys was founded in 1985 and is formally incorporated in California as a non-profit church of the Satanic Religion. Supreme authority in the Temple is shared by the High Priestess and the Imperial General. Satanists do not differ so much from other metaphysical, occult, magical, initiatory, or ceremonial type groups such as the Freemasons, the Rosicrucians, Religious Scientists, the Unitarians, Roman Catholics, Mormons, Wiccans and Paganism, Santeria and African Voodooists, Hindus, Buddhists, Crowleyites, Heavy Metal Skinheads, Knights Templar, Egyptology groups (all of whom are classified as "satanists" by mainstream Christians). Since the Temple of Neptys is a genuine successor to the Mother Church, it does not burden its membership with a stigma of fear and guilt whenever it may be loosely associated with "New Age Satanism" as do other sects. The modern day Black Magician welcomes such notoriety and celebrity status, freely participating in our own personal Initiation through life according to five degrees traditional to its predecessor and close affiliate, the Church of Satan: *Satanist I°, Satanic Witch or Warlock II°, Priest or Priestess of Neptys III°, Magister or Magistra IV°, and Magus or Maga V°*. Formal Recognition to the degree of Satanic Witch certifies your mastery of the Black Arts. Entrance into the service of the Satanic Clergy and Priesthood of the Temple is dependent upon the Initiate's achievements in both the outside secular world and his or her creative contributions within the Temple.

Temple Philosophy

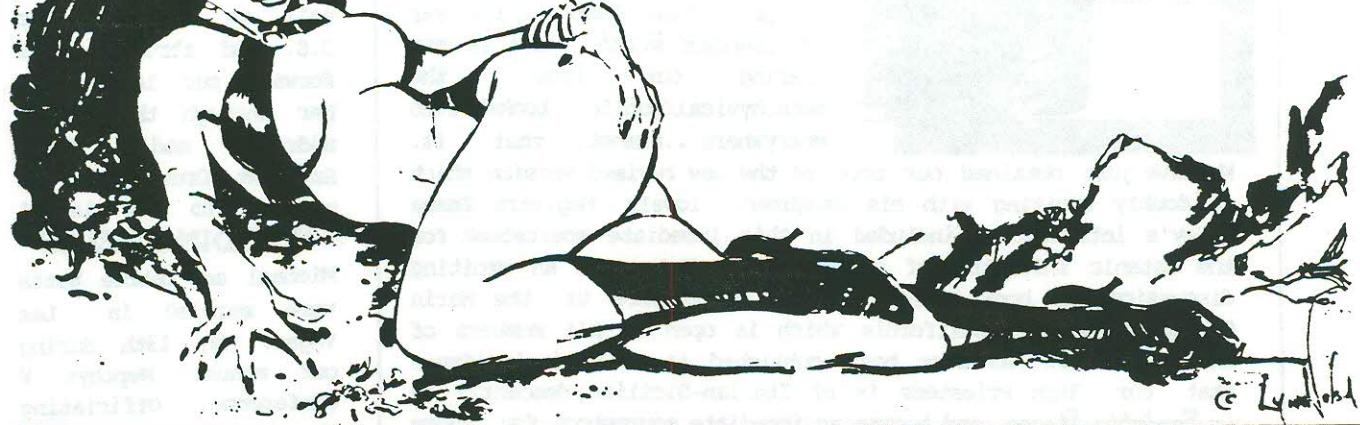

The Temple of Neptys is a liberating magical institution of gifted individuals who are learning how to effectively apply traditional Satanic principles for thier own success, survival, and sexual magnetism in thier immediate environments. It is not just a religion, but a very distinguished way of life. The Satanic Priest or Priestess does not rule or proselytize in the name of the "devil". He or she is rather a gentle, gifted being: a magician in the most literal sense; an intellectual gadfly in the most excellent Socratic tradition. He challenges, he tests, he is the one to question all things which the masses of human society have complaisantly accepted as fashionable. He understands that white magic, whether espoused by primitive pagans, modern-day new agers, or orthodox pastors - simply represents mankind's insecure longing to be "at one" with a monotheistic cosmos which robs him of Self - demanding us to be engulfed by its mortal pull. The Elitist on the other hand, enjoys the use of the harmony in nature, but is not a superstitious slave to it. Nor does he fear or impose upon himself popular (and Self-destructive) fantasies of an omnipotent "God", "overseer" or "karmic" judge, jury and executioner. He or she is a uniquely autonomous individual who has tuned-in to his personal god within, gradually embracing Self evolution, and ultimately identify with the **realistic** fact that the elite, superior human psyche (what is known as the Gift of Satan) is a god or goddess in actuality. This philosophy is not "anti-social" but rather it is **asocial**. When Elitists do allow themselves to blend in socially with other people, they retain Power Over thier own lives, and remain safely detached from the culture's emotional trappings.

Black Velvet.

According to ancient Egyptian history, the god Neptys is the sister of Isis. They are one in the same with the exception that Isis was traditionally relegated to keeper of the elements of the natural earth, the daytime, the light...that which Already Is existing in the order of the Universe. Neptys however, was the Lady (or Mistress) of the Temple in Man of twilight, and the mysterious darker regions of the human psyche - all those things which were occult, hidden, dark, and the non-natural or uncanny, inexplicable happenings occurring in or apart from the natural universe or order of things...for which there is no "scientific" proof. Because of her radiant Queenship over the Infernal Mysteries, Neptys is the goddess of Things Which Are Yet To Be - the seed in the dark soil of the mind and its as yet untapped potential for greater telepathic communication, Power Over things as well as Power With things, and ultimately, its own divinity. As Guardian of the priests' temples, Neptys was respected as a far more formidable power than the simple adorations that her counterpart, Isis/Mother Mary was given as an enchanting spell-book and fertility goddess. Unlike the popular Isis, the secrets of the early priesthood of Neptys were jealously guarded in a sequestered oral tradition, handed down from priestess to initiate, remaining virtually unknown by most archeologists still today. Since her original communication to a young woman named Lynn Darlene Butch in an automatic writing which resulted in a document called the BOOK OF EMBRACING BY NIGHT (COMING FORTH) as channeled through her neter (the Egyptian word for higher power) Ra-en-Neptys, she teaches us a doctrine not unlike that for which she was venerated over ten thousand years ago. The BOOK OF EMBRACING BY NIGHT is a call from the black velvet heavens in a way completely loving, healing, and merciful to the plight of the Self and its need for nobility and Awareness. She is the Ageless Intelligence which leads us back to the god of this world... and she is within all of us!

Allen & Sheri Murphy

Anton LaVey's most blasphemous book, *The Satanic Witch* (or What To Do When Virtue Fails) is back in print (the former title was *The Compleat Witch*, and is now blaring out from the metaphysical/public bookshelves everywhere...almost, that is.

We have just obtained our copy of the new revised version which is doubly exciting with his daughter, lovely Magistra Zeena LaVey's introduction included in this immediate sourcebook for the Satanic initiates of planet earth. We've got an exciting discussion and book review Workshop going here at the Marin Grotto in Northern California which is open to all members of the Temple. It has also been published in Italy (coincidence that our High Priestess is of Italian-Sicilian descent?) as *La Perfetta Strega*, and became an immediate sourcebook for those international trend-setters. The book has bestseller status, glowing reviews, yet seems to be suppressed in spite of its success. Why is it taboo? Read it and you'll see. It isn't as occult-oriented as it is SURVIVAL-ORIENTED...so reflective of the essence of our Satanic religion. It is a guide for the perfection of femininity as well as the art of seduction. It is a book pretty women will love and fat, dumpy feminists will hate. To some it presents workable formulas. To others it holds a mirror up which reflects shunned images. Order your copy now!

The Black Mass was originally called the *Missa Solemnis* as written by Dr. Anton LaVey in the *Satanic Rituals* and is a totally legal religious ceremony. The Age of Satan authenticizes its purpose to simply criticize the god of another religion - Jehovah, Buddha, Allah, or if you're like Gordon Gecko (played by Michael Douglas) in the movie *Wall Street* you would be honoring greed in all of its forms (for money, life, love, knowledge) and criticizing poverty and abstinence. The Black Mass is being held Friday, May 25th at 9pm at the Marin Grotto, RSVP [REDACTED] Hope to see you!

WELCOME

Brenda Crowley of Los Angeles, California! She entered the Temple as I and has indicated her interest in meeting other Satanists in the Southern Cal area, as well as all over the U.S. and abroad. Let's forward our letters to her through the Temple address and bring Satanist Crowley a warm welcome to our lairs!

WEDDING BELLS

Michael and Debbie Watts were married in Las Vegas, May 13th during our annual Neptys V Conference. Officiating the ceremony was High Priestess, Maga Lynn who joined the two in unholy wedlock. Their hotel bedroom was set aside and decorated as a lovely flower-and-incense laced ritual chamber and it was there that we held the ceremony.

*Age of Satan
 Silver Anniversary*

As of April 30 of this year it's been twenty-five years since Dr. Anton LaVey founded the Church of Satan in San Francisco. We've strived to keep your Temple of Neptys a purist Satanic church as close to the current design of the Church. Don't let the selective atmosphere of Dr. LaVey's Central locale fool you into believing others who presume there's "no activity going on". His Excellency holds many private dinners and gatherings on an invitation-only basis. If you're lucky enough to ever receive one consider it an honor!

♥ ♣ Nephtys-V: V-v-vegas! ♦ ♠

That was a wonderful Conference! Las Vegas is always the place for fun and this year, the Fifth National Conference of the Temple of Neptys was held where the Neon is King of the desert. The main Ritual took place at midnight May 13th. Satanists stayed at the Aladdin Hotel which proved to be both elegant and economical: rooms were on special during the World Series of Poker being sponsored by several hotels and casinos at that time, and at only 25 bucks a pop it was a great deal considering all the fun we had. A lot of members took the Imperial General's advise to double-up in a room with two beds which came out to only \$12.50 per person each night. My husband and I arrived early to conclave with other Satanists who liked to get a taste of the action taking place from May 5th to the 17th and since we all rented rooms as individuals, rather than announcing that a "group of Satanists" were about to arrive, all was peaceful, service was excellent and courteous. Because true Satanists know how to blend in easily with the indigent culture they are visiting, not a one tourist, Christian, or curiosity-seeker blinked an eye - because they didn't even know that we were there. We've learned our lessons not by having to experience them but simply by watching other pseudo-satanic groups receive their due pies-in-the-face whenever and wherever they have been attempting to announce that the "Setian-Germanicists" will be arriving forthwith. Naturally they got nailed way before they even walked in the front door. Church of Satan Agents (which is what we are while actually being Officials of an affiliate Temple) aren't quite as pompous - or stupid.

Agents from the Eastern as well as Midwestern United States were in attendance when the Conference itself actually got underway. To be sure, we Satanists are a lively bunch, and the amount of time spent on eating, drinking, gambling, watching burlesque shows and just plain Indulgence is mind-boggling! It seems to increase each time we hit our favorite backyard playgrounds like Vegas, Reno and Lake Tahoe. The unique thing to observe, however, is that we indulge according to our Wills, not from a lesser "compulsive" human behavior or ism that generally takes place among the profane masses of humanity. Needless to say, the sight of such a stately body of men and a sexually - not just sensual - attractive group of truly pretty women in the Temple did manage to raise a few eyebrows. After the introductions, and several smaller ceremonies were conducted in the hotel rooms themselves, we all headed out for an elegant dinner at Binion's Horseshoe Restaurant, most famous for its delicious Harris Ranch Beef - not many vegetarians here! Binions also happened to be the place where the main World Series (and the December Hall of Fame) Poker Tournaments are held. Since my father and my husband have both initiated me into the fine art of Texas Hold-em and Lowball, it wasn't too hard to find out what table the High Priestess is sitting at! Administratively, the primary Conference will be held in October around Halloween of next year, and we are determined to have as much fun, frolic, and appropriate Satanic glamour them as this year!

HAPPY 25 th ANNIVERSARY ANTON!

The outer court of the Church of Satan has always communicated to the mass media in almost a sardonic cynicism with tongue planted firmly in cheek toward the hypocrisies of the profane public ... society's "dog eat dog" activities don't seem to coincide at all with the transparent Aqua Fresh smiles and annual charity contributions of these "upstanding moral citizens". It is because of the pitiful phenomenon of humanity, that the *Satanic Bible* exploded like St. Helen's volcano goddess. There is another face to the Church which is known by Initiates of the Black Arts as the Inner Court. The fact that Wiccans have been using these terms for decades does not imply

that we Satanists have any such involvement with "white witchdom" or the pagan groups out there, save for an occasional trade-off of advertisements and subscriptions for the purposes of exchanging information. Like the inner court of the Church of Satan, the inner court of the Temple of Neptys is not seen by the public. The Temple is still obscure and ethereal in many ways, very solid and sociable in others. As you progress through your meeting men and women who are involved with the Temple at different levels, you will sense a deep, ultimate authenticity. This is a sort of signal within yourself that behind all the pageantry and Hollywood-style celebrity pomp and humor that we Black Magicians thoroughly enjoy, there lays an Authority, a force or substance, that many

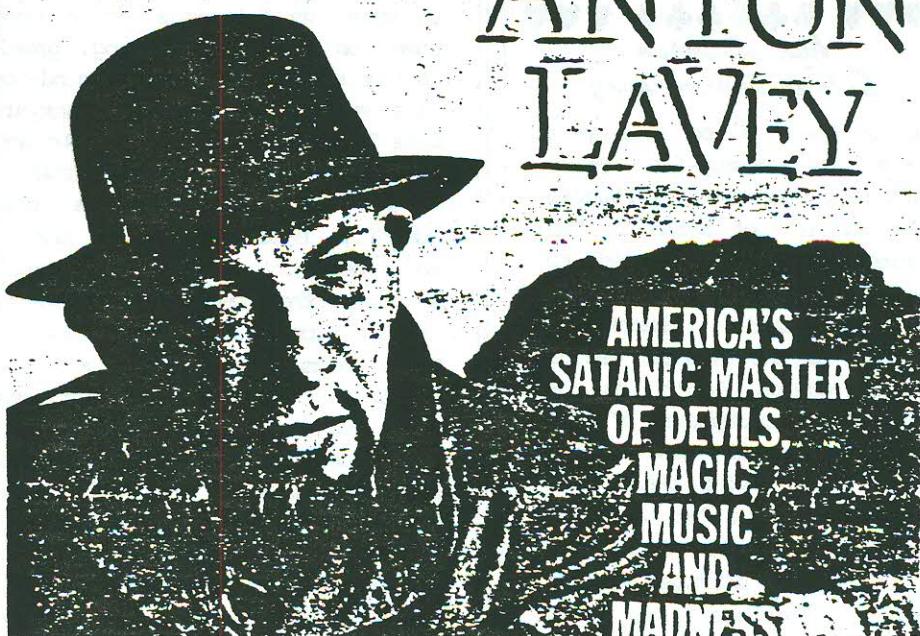

individuals had only scantily suspected before approaching the Temple. It is precisely that authenticity that the Church, it's Officials and Affiliates proudly refer to as the Satanic Age. We call this force that has come to pass in many forms, the Prince of Darkness. It has enabled us to endure a good deal of social suspicion - without ever suffering loss of our dignity, much less the conviction of guilt. Like Galileo denying his discoveries to the Inquisition, we can also kid around and play with the profane public, co-workers, our bosses, and neighbors like Faustian caricatures when Temple members must deal with everyday life. Whether you are at work, the supermarket, in courtrooms, nightclubs, or business lunches, we learn how to humor them...

We're Dying To Hear From YOU!

If you've never written to a real SATANIC newsletter before, there's no time like the present. And speaking of present, you ARE going to have the "presents" of mind to GIVE of your Self, aren't you? I mean...hint...hint...a submission to this MACABRE MASTERPIECE, the only one that Uncle Asimov & Cousin King fight over? Send praises or PANmail, pumail or even your own petrifying pictures and poems for publication. But above all, send it NOW... your contributions (MONEY OR ART!) are the LIFE's BLOOD of the Temple, so give GENEROUSLY ...the life you save may crave your sexy corpuscles!

This issue is especially dedicated to
our great High Priest, His Excellency...
